CAREER OBJECTIVE

A motivated individual with in-depth knowledge of front-end development and web technologies is seeking a position as a front-end developer in a growth-oriented company. I am eager to leverage my skills to benefit the company while continuously enhancing my own abilities.

SKILLS

- HTML, CSS, JavaScript, Responsive Design, RestAPIs
- Tailwind CSS, Bootstrap, Material-UI, Ant Design
- Angular JS, Next JS, React

EXPERIENCE

❖ Junior Software Engineer | Storytech

Jan 2023 - Aug 2024, Hyderabad, Telangana

- Developed responsive websites with Next.js and Tailwind CSS, managing multiple projects simultaneously.
- Led end-to-end development of a live website landing page using Next.js and Bootstrap.
- Implemented data fetching services for dynamic content display.
- Collaborated with team members to ensure timely project delivery and adherence to best practices in web development.

❖ Web Intern | Storytech

Aug 2022 – Dec 2022, Hyderabad, Telangana

- Proficient in JavaScript, jQuery, AngularJS, and Next.js
- Strong command of HTML, CSS, Tailwind CSS, Bootstrap, and Ant Design
- Applied skills in various projects for effective web development

EDUCATION

❖ Bachelor of Engineering | ISL Engineering College

Jul 2022 || Civil engineering || Hyderabad, Telangana

❖ Intermediate | Crescent Junior College

Mar 2018 || MPC || Adilabad, Telangana

PROJECTS

❖ Splitter (TypeScript):

- Implemented form validation, dynamic table, cost splitting, and reset functionality using React, TypeScript, react-hook-form, Yup, and Tailwind CSS.
 1. Splitter: [Link](#)

❖ API

- Developed various API projects, demonstrating proficiency in API integration and data manipulation:
 1. Time zone application: [Link](#)
 2. Food recipe application: [Link](#)
 3. For more projects: [Link](#)

ACHIEVEMENTS / HOBBIES

- I am passionate to learn new things
- Enjoy coding personal projects and exploring new coding challenges.
- Passionate about cooking and experimenting with different cuisines
